Github: <https://github.com/MigPerLan> | LinkedIn: <https://www.linkedin.com/in/migperlan/> |  
Portfolio: <https://migperlan.github.io/self-portfolio/>

Full-stack developer with past experience as a guitar technician. Excited to learn and use any new technology I can get my hands on. Works well independently or with others. Communicates well, especially when brainstorming or problem-solving.

**TECHNICAL SKILLS:** HTML, CSS, JavaScript, Node.js, jQuery, MySQL, APIs, Heroku, Express, HandlebarsJS, Firebase, React, MongoDB, Mongoose, GitHub

### APPLICATIONS BUILT

#### **Pick-A-Flick**

Deployed project: <https://j-riv.github.io/project1> | GitHub: <https://github.com/MigPerLan/project1>

Technology Used: Javascript, JQuery, API's, Bootstrap, Firebase

- Pick-A-Flick is a website that allows you to manage your movie experience. Users in will be able to search for movies by certain categories and save movies into 3 different lists.
- For this site I made the search that allows you to focus on movies that have a certain actor and a known liked movie.

#### **EveryBooky**

Deployed project: <https://everybooky.herokuapp.com/> | GitHub: [https://github.com/MigPerLan/project\\_2](https://github.com/MigPerLan/project_2)

Technology Used: Javascript, JQuery, SASS, Bootstrap, NodeJS, Express, handlebars, socket.io, passport

- EveryBooky is a website where you can create books and have other users contribute. Once you feel the book is done you can close it and share with other people.
- For this site I designed and made the profile page.

#### **Jester**

Deployed project: <https://the-jester.herokuapp.com/> | GitHub: <https://github.com/MigPerLan/jester>

Technology Used: MERN, Socket.io, Passport, Mongoose, Redux, Bootstrap

- Jester is a multiplayer game designed with the concept of friends and strangers taking turns to amuse each other by selecting Gifs in an attempt to make the selected king laugh.
- For this app I designed and made the profile sidebar.

### EXPERIENCE

#### **G&L Guitars | Fullerton, CA | February 2018 - December 2018**

Tribute Guitar Technician

- Inspect and set-up 20 instruments a day, then package and ship the instruments, as well as making operational decisions within specific deadlines to fulfil orders from vendors.

#### **Guitar Center | Pasadena, CA | October 2015 – February 2018**

Guitar Repair Technician

Managing a repair department while handling a variety of detailed and precise services focusing on the standards of the customer while also maintaining the conditions of the in store instruments.

- Promoted from regular technician to specialized technician in one year
- Managed the repair department to ensure it is profitable
- 1 of 3 guitar repair techs that helped maintain top 5 profitable store in the chain

#### **Bonaventure Hotel | Los Angeles, CA | February 2012 – October 2014**

Hotel Runner

- Delivered amenities to guests in a timely manner while also handling any issues the guests might have. Worked with multiple departments to ensure the quality of service to the guests.
